Counseling & Vocational Training

Therapeutic, positive environment

Options is a small, individualized Approved Private Special Education Program, located in a large renovated home in the historic West End of Hartford.

TEACHERS' RESPONSIBILITIES INCLUDE:

- Individualized instructing to special education students in grades 6-12+
- Collaborating with the educational and treatment team in developing IEP goals and objectives specific to each student
- Monitoring student progress on goals and objectives

VOCATIONAL COUNSELORS' RESPONSIBILITIES INCLUDE:

- Mentoring students in the community and facilitating their participation in areas of interest
- Developing and maintaining working relationships with community sites
- Training students in social and technical aspects of work sites
- Teaching independent living skills
- Driving student transportation vehicles

A typical day for a student involves working with their own certified teachers and counselors and participating and socializing in competitive community-based environments, such as; job and volunteer sites, college, and other higher education sites. We take pride in being a safe, welcoming family-type environment for students and staff.
